Bihar, India

TECHNICAL SKILLS

Programming Languages: C, C++, GoLang, JavaScript

Libraries: C++ Standard Template Library

Tools/Databases: Git, Firebase, MongoDB

PROJECTS

DRIVELINK 🔗 | *Html, Css, NodeJs, Firebase, JavaScript*

- Developed a comprehensive **Web Application** that explores the concept of **Privatizing Driving Licenses**. The project aims to inform and engage users through an intuitive interface and interactive features.
- Detailed information and analysis on the privatization of driving licenses.
- Secure login and registration system using **Firebase Authentication**.
- Real-time chatbot** for user queries and assistance, enhancing user engagement.

SHARKPITCH 🔗 | *Html, Css, Firebase, JavaScript*

- Developed SharkPitch, an **Online platform** connecting entrepreneurs with investors. The platform allows users to pitch ideas, seek funding, and engage in real-time pitch sessions.
- Utilized modern CSS techniques for styling and JavaScript for interactive elements.
- Integrated Firebase for **real-time database management**, ensuring quick and efficient data retrieval and storage.

ACHIEVEMENT

- GLOBAL HYPERLOOP CONFERENCE** 🔗 Secured a **Top 10** position all over India in the Global Hyperloop Conference held in **IIT MADRAS** for presenting a solution on how Hyperloop can be installed in India
- CODECHEF** 🔗 Achieved a peak rating of **1721 (3 star)** and solved over **150+** questions . Participated in 15+ contests (Best rank: **181** which is **0.5%** of the total participants).
- CODEFORCES** 🔗 **Pupil** at Codeforces with a peak rating of **1202**, solved over **150+** questions. Participated in over 10+ rated contests.

CERTIFICATIONS

- Participated in **HACKBANGLORE Hackathon** organised in **BANGALORE**.
- Participated in **REVERSE CODINGX** organised by **SHAASTRA, IIT MADRAS**.
- Participated in **SHAASTRA PROGRAMMING CONTEST ON CODECHEF** by **IIT MADRAS**.

VOLUNTARY

- POINT BLANK** Member, APRIL 2024 – PRESENT
Point Blank is an interdisciplinary team of programmers that focuses on developing a coding culture in college through participation in competitions such as **ACM-ICPC**, **GSoc**, and **SIH**. Participated in multiple iterations of **PB Hustle**, a weekly coding contest for the students which helped me improve my DSA and CP skills.
